Hosea takes an unfaithful woman for a wife Hosea 1-3

“Open thou mine eyes, that I may behold wondrous things out of thy law” (Ps.119:18)!

“But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord” (II Cor.3:18).

Remember to pray for illumination (to be taught of God’s Spirit—Jn. 6:45)!

“The first three chapters of [Hosea] give us a kind of summary of the whole message of the prophet and are introductory in character.” “The first word from God to the prophet was an order for him to marry a woman who would later become a harlot...her crimes are committed after she is married.” “[As is revealed more fully as Hosea unfolds,] God chose Israel and brought her into a most blessed relationship with Himself, likened to the marriage bond, and while in this state she committed harlotry. Her sin is explained as departing from the Lord.” Charles L. Feinberg (CLF), *The Minor Prophets*

people and leadership addressed for their sins
Hosea 4-6

Remember to pray for illumination (to be taught of God’s Spirit—Jn.6:45)!

“Chapter 4 of Hosea introduces the rest of the book and contains a summary of the prophet’s messages. The chapters of this portion give in minute and vivid details what was set forth in broad outline and under the picture of a domestic scene in chapters 1, 2, and 3. The section does not lend itself easily to division, because its parts form one long indictment from God on the morally corrupt, politically decaying, and spiritually bankrupt nation. At the very outset we are confronted with the attention-arresting word: ‘Hear!’ (This is repeated in 5:1.) The whole nation is in view with particular emphasis on the Northern Kingdom of Israel. Note how repeatedly Ephraim (e.g., Israel, which was so called because Ephraim was its most populous tribe) appears at the head of these chapters, Hosea 4:1 to the end of the book.” Charles L. Feinberg (CLF), *The Minor Prophets*

2. 4:4 seems to be saying that God holds the priests responsible; that is, the priests are not to blame the _____.
3. Why are God’s people being destroyed, and what have they forgotten (4:6)? _____
4. How do you suppose they (“My people”) were “increased” (4:7)? _____

Remember to pray for illumination (to be taught of God’s Spirit—Jn.6:45)!

“In chapter 6 there is stated the desire of God to heal Israel of their spiritual ills, but in chapter 7 it is noted that when effort to do so is put into effect it is repeatedly frustrated by the sin of the people. 5. (Perhaps the picture of “an oven heated by the baker” in 7:4-8 speaks of the continuing spirit of adultery that they/the children of Israel are being “heated in.” The “cake not turned” in 7:8 could picture a half-baked loaf of bread which is disgusting to those around Israel when Israel could be a blessing to them.) “In the first ten chapters of the prophecy of Hosea, the emphasis has been on the disobedience of God’s people and the inevitable judgment as a consequence, although passages are not lacking that speak with detail of the blessings and glories that await a repentant and believing remnant in Israel in the days to come. The dominant note and chord in the last four chapters of the book is the love of God.” Charles L. Feinberg (CLF), *The Minor Prophets*
