Monday (July 2)—prayerfully read the following from Bible Gateway (<https://www.biblegateway.com/resources/scripture-engagement/hand-copying-scripture/home>), and then consider Joshua 1:8.

“Hand copying Scripture is simply writing out word-for-word passages of Scripture by hand. Why would anybody do this when most people own many copies of the Bible and can easily access it digitally? The purpose of hand copying Scripture is not to have another copy of the Bible. Remember, the goal of Scripture engagement is to meet God in his Word. Writing the Bible out by hand offers us the unique opportunity to participate in an activity that forces us to slow down the process of reading and encourages a more reflective engagement with God’s Word. It gives us more time to think about what is written and to dwell on the meaning and implications of a passage. Hand copying is a focusing activity. Too often we read quickly and forget what we’ve read within a few minutes. Hand copying helps combat quick, surface level reading.

“There is an interesting passage in the Bible that commands the kings of Israel to personally make their own hand copy of the Bible (a king could have easily had someone else make him a copy). In Deuteronomy 17:18-20 God commands [this].”

Prayerfully consider (meditate on) each of the verses in this Study Guide, at least filling in the blanks, if not attempting to write it from memory, or at least to copy it after the pattern of the kings.
